STRING OF JACK-O-LANTERNS

What you need

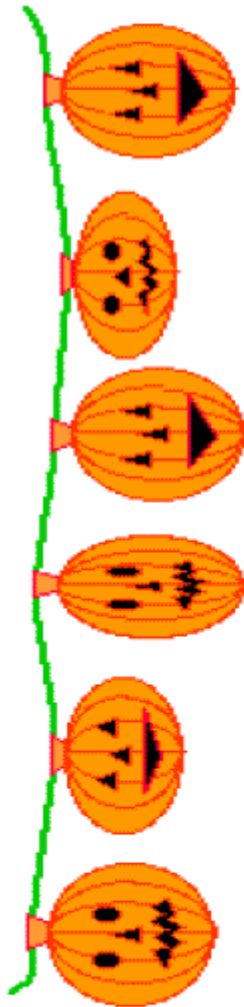

Cardboard

Scissors

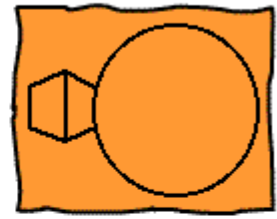

Pencil crayons,
markers or crayons

Glue

String

Draw a jack-o'-lantern's face on a piece of orange paper. Make sure to draw a long stem on the top (your pumpkin will hang from this stem, which be folded over).

Fold here

Cut out the pumpkin. Make eyes, a nose, and a mouth from black paper or use a black crayon or marker. Fold the pumpkin's stem in half.

Attach the pumpkin to a long string. Use green yarn. Attach it using tape, glue, or staples.

You can drape the strings across rooms, over windows and from the chandeliers.
